

S=M12x1

L=100 mm

Series 164 HW-SP Z2

	D Cutting diameter mm		ORDER NO. Right-hand rotation	
H	18		164.180.11	
	20		164.200.11	
	22		164.220.11	
S	15		164.150.31	
	18		164.180.31	
	20		164.200.31	
	24		164.240.31	

TECHNICAL DETAILS HW:

- Super strength steel
- T.C.T cutting head with precision balanced centre point
- 2 precision ground HW cutting edges (Z2)
- 2 negatively ground spurs (V2)

APPLICATION HW: used for drilling blind holes in solid wood, wood composites, plastic and laminated materials. Used on slot and mortise machines equipped with chucks.

TECHNICAL DETAILS SP:

- Long lasting cutter performance
- SP cutting head with precision balanced centre point
- 2 precision ground edges (Z2)
- 2 ground spurs (V2)

APPLICATION SP: used for drilling blind holes in soft and hard wood. Used on slot and mortise machines equipped with chucks.
